

Source Selection Improvement Group (SSIG) Update – 7 Oct 14

- PEO STRI Government and Industry SSIG Objectives:
 - Promote constructive exchanges related to the source selection process
 - Improve the quality of solicitations and submitted proposals
 - Increase process efficiencies and promote best practices

- SSIG “Pilot” Focus Group (Met three times in the last few months):
 - 8 Industry partners: 3 large and 5 small
 - Source Selection Advisory Team (SSAT)
 - National Center for Simulation (NCS)

- Problem Statement: *“The Procurement Administrative Lead Time process which designates the time from requirements definition to award has been unpredictable and lacks accountability as perceived by Industry”*

- SSIG Forum (All Industry Partners); How can you help?
 - **Provide input to the SSIG Industry Survey today**
 - **Provide recommendations & solutions to this problem statement by contacting the SSAT through the email address, usarmy.orlando.peo-stri.mbx.ssig@mail.mil**
 - Respond to our open invitation to provide (1) a future topic, and; (2) to participate in a future Focus Group
 - Visit the “SSIG” tab on the PEO STRI Business Opportunities public website for Info

- SSAT & Industry Partners will continue to provide updates at PALT sessions periodically
