

**UH-72A Synthetic Flight Training System (SFTS)
Government Furnished Information (GFI) List**

GFI, if required, is to be determined at contract award. GFI below is available by CD upon request.

1. Aviation Combined Arms Tactical Trainer (AVCATT) version of One Semi-Automated Forces (OneSAF) (Provided no later than Preliminary Design Review (PDR)).
2. SE Core Terrain Databases (Provided NLT PDR).
3. SE Core Common Moving Models (CM2) (Provided NLT PDR).
4. SE Core Gateway Software (Provided NLT PDR).
5. UH-72A Flight Model Software (Provided NLT Critical Design Review (CDR)).
6. UH-72A Engine Model Software (Provided NLT CDR).

*Note: It is the Government's intent to provide these models no later than Design Review stated above (based upon the Government's estimate that PDR will occur no earlier than three months after contract award).
