MEMORANDUM FOR INDUSTRY DAY ATTENDEES

FROM: COL PATRICK STORMS

SUBJECT: Welcome letter

Welcome to Randolph Air Force Base and to Air Education and Training Command (AETC). We are excited to have the opportunity to introduce you to the Air Force Medical Modeling and Simulation (AFMMAST) training program, and look forward to meeting you and answering any questions you might have.

We've prepared an aggressive itinerary in the hope that we can show you an enticing cross-section of AFMMAST training activities and still leave time to answer your questions. We will likely challenge your walking skills during the course of your visit, but plan to make the exertion worth your while. I will be your host during your visit and will be happy to address any questions or concerns quickly and efficiently.

You will be provided with an information package that contains an itinerary for your visit, some maps, and information about nearby lodging. If you have any questions after reviewing this material please do not hesitate to contact me. I am dedicated to making your visit both pleasant and productive, and I look forward to making your acquaintance.

A handwritten signature in blue ink, appearing to read "Patrick R. Storms", is positioned above the typed name.

PATRICK R. STORMS, Col, USAF, MC, SFS
Chief, Medical Modernization
