The Office of Small Business Programs (OSBP) has established a Small Business Information Forum Initiative (SBIFI) that follows the PEO STRI Acquisition Center's monthly Procurement Administrative Lead Time (PALT) update sessions. This venue provides both meaningful and timely information to all of Industry, however concentrating on small business, in an ever-changing acquisition environment.

Meet Team Orlando members and other local command/organization leaders. Team Orlando is a growing community of organizations across Defense, Government, Industry and Academia working together to accomplish their respective missions with a common goal of improving human performance through simulation.
