

**Mr. Timothy F. Bishop, SES**

Deputy Program Executive Officer

U.S. Army Program Executive Office Simulation, Training and Instrumentation

invites you to experience the latest products and technologies  
in military simulation and training capabilities at the

**2021 Interservice/Industry Training, Simulation and  
Education Conference (I/ITSEC)**

Available at your convenience

Monday, 29 November – Friday, 3 December

Orange County Convention Center

Orlando, Florida

You are cordially invited to visit PEO STRI at the Interservice/Industry Training, Simulation and Education Conference (I/ITSEC) from November 29 to December 3, 2021 in Booths 329 and 1533 to see how we deliver unmatched testing, training and information operations capabilities in the synthetic training environment to enhance operational readiness in support of our national defense.

Every deploying Soldier uses some type of simulation to train and hone their critical warfighting skills. Through the lens of this year's theme, "Innovating and Accelerating Training: Adapting to an Unexpected Future!," we are keeping a close eye on the constantly evolving global challenges facing our nation and our allies. Come see how PEO STRI, in collaboration with our interagency and industry partners, remains committed to accomplishing its mission.

To coordinate an official visit to the conference and/or public affairs support,  
contact the PEO STRI Public Affairs Office at 407-384-3535  
or email [usarmy.orlando.peo-stri.list.public-affairs@army.mil](mailto:usarmy.orlando.peo-stri.list.public-affairs@army.mil)

For more information and to register, visit [www.iitsec.org](http://www.iitsec.org)

I/ITSEC is sponsored by the National Training Systems Association,  
an affiliate of the National Defense Industrial Association

*Disclaimer: Please note that this invitation does not constitute endorsement of the event by the DoD,  
U.S. Army and PEO STRI. They are not the sponsors or organizers of the I/ITSEC event.*
